

# DEMISE OF PONTIFF

Is Fast Coming on With the Close of  
Another Anxious Day.

His Condition Developed Features Which Doc-  
tors Regarded as Most Alarming Since  
His Illness Began--Vatican  
Was Besieged.

Rome, July 14.—2:15 p. m.—The Pope's condition today developed features which the doctors regarded as the most alarming since his illness began. Their judgment was based upon the patient's having brief but frequently recurring spells of delirium. Yesterday's hallucination was not considered as of the same character, that delirium being clearly the effect of nerve prostration. Today's aberrations, however, convinced the doctors that the disease had advanced beyond the nerves and had affected the brain. During the period of delirium, the patient's mind wandered, and he muttered incoherently. He insisted that shadows were flitting about the room. In his lucid moments, the Pope, for the first time, showed a complete realization of the gravity of his condition. He asked for the Franciscan benediction, which was given by Cardinal Vives Y. Tuto. He specially asked to see Cardinal Rampolla, to whom he gave what it was thought might be his final word.

The increasing gravity of the situation becoming generally known, the Vatican was besieged during the morning by anxious visitors, comprising practically all of the leading figures in the ecclesiastical and diplomatic world of Rome.

Towards noon, no marked change was reported, but Dr. Lappont made a brief visit to his sick daughter. This led to the belief that the doctors did not expect immediate dissolution. As the morning progressed, the attacks of delirium became accentuated, both with regard to the length of the hallucinations and the shortness of the lucid intervals. His mutterings during delirium were not always intelligible, but they seemed to relate to history of events of many years, which being unknown to those present, neither Dr. Lappont nor Centra succeeded in comprehending. At times the Pope seemed to see again apparitions. When his attendants try to persuade him to the contrary, the Pope insists on indicating the presence of some imaginary shadow, which he not only sees, but hears. He said: "No, no, don't you see him?" besides he rattles the chairs and other things as he moves.

It is evident that the Pope is making a great effort and straining all his nerves to maintain calmness, and to have his will triumph over his mental weakness. He succeeds occasionally, but an attack of delirium follows this effort, and each is stronger than the preceding. The resistance was his frail almost transparent body offers to disease, is really marvelous. Dr. Mazzoni was asked for an explanation, and said:

"It is a phenomenon which as all such phenomena cannot be explained."

The doctors consider the catastrophe near. It is imminent if it is to take place through cardiac paralysis, or is further off if it is to come through cerebral anemia, which is the cause of the present delirium.

## SINCERE

Sorrow Exhibited in German Circles  
Over Pope's Condition.

Berlin, July 14.—The imminent death of the Pope causes general regret throughout Germany and sincere sorrow among the Catholic population. Leo XIII. has maintained close relations with German politics. He has exercised power over the clerical party, directing a closer alliance with the government, reconciling differences and increasing the party's influence upon public policy. Officials frankly say that Leo XIII. has been one of the best Popes ever known so far as his attitude toward Germany is concerned. He always showed comprehension of German affairs; smoothed out difficulties between the clergy and the government, even exerting pressure upon the clerical party to carry measures like the Sep-

tennate of 1887 in order to get concessions and ecclesiastical legislation. Although the clergy party was opposed to the septennate, the Pope's hint sufficed to induce the whole party to abstain from voting, thus making its passage possible. The clerical party also opposed the subsequent ecclesiastical bill, but Leo's orders caused its members to change faith and vote for it. Officials further point a recent case where the Pope ordered Bishop Korum, at Treves, to withdraw the circular forbidding communion to persons patronizing the government's mixed schools. Leo XIII. was directly instrumental in settling the Kulturkampf (the great Bismarckian struggle between Protestantism and Catholicism in Germany) which he followed up with a steady policy of reconciliation, thereby giving the clergy party a dominant political position. No expression gained greater currency in latter day German politics than "the centre is trumps."

## Extremities Swelling.

Rome, July 14.—3:10 a. m.—Now and then the Pope becomes drowsy. He utters disconnected words while awake. What he seems to enjoy most are small glasses of Tokay wine sent by Emperor Francis Joseph. The appearance of oedema, or swelling of the lower extremities is noticed. Oxygen is again kept in readiness as the breathing of the Pontiff has become more difficult.

## USUAL FETE

Will Be Given Even if Pontiff Is Not  
Alive Name Day.

Rome, July 14.—10:15 a. m.—The Pope, as though feeling that the end was really approaching, has taken much trouble in giving his last instructions. This morning, speaking with evident effort, to his private secretaries, Monsignors Angeli and Marsolina, His Holiness repeated the instructions previously given that all the presents received by him on the occasion of his jubilee in 1888, which are of the greatest value, shall be the property of the Holy See and telling in which drawer would be found the most costly, which are to be personally delivered to his successor. With an evident feeling of sadness the Pontiff spoke of all the sacred objects he had gathered. Behind a screen in the Pope's library were presents given His Holiness on the occasion of this year's jubilee. These are destined for poor churches. The Pontiff expressed the hope that if he were not alive on his name day, St. Joachim's Day (August 16) the usual fete would be given. Although much has been said about the Pope's will, nothing positive is yet known except that on receiving his nephews His Holiness said:

"As Pope, I do not possess anything, as I live by the atoms of the faithful. It would be a great detriment to the church if I should destitute to my family even the smallest part of what the people send me by conveying themselves. As to my personal property," the Pontiff concluded, "I divided that among you long ago."

This declaration did not surprise any one, it being well known how strong an anti-nepotist Pope Leo has always been. When the Pontiff alluded to his personal fortune he meant his patrimony, of which almost two-thirds came into his hands through the death of his uncles and brothers. Besides this he had what was called his prelature, a sum of 40,000 scudi, which for that period was a large amount and to which in papal times was entailed to any member of a family embracing the priesthood. This was given in order to put him in a position to continue his career. In 1881 Pope Leo had all his fortune estimated and divided by Cardinal Lambrini, a most distinguished jurist

consul, among his nieces and nephews, who were obliged to sign a paper declaring that they had received all they were entitled to. When the Pope's brother, Cardinal Guiseppe died in 1890, Pope Leo informed his relatives that he was keeping all his valuable library intact, leaving them their share in money and obliging them to sign another declaration that they had received all they could claim. Mind Not Lucid.

11:10 a. m.—Although the Pope's mind is not as lucid as formerly in his brighter intervals, he thoroughly realizes his imminent danger. This morning, after the visit of the doctors, who tried to conceal the gravity of his situation, the Pontiff said to his valet Ploertra:

"I think I know better. My time is running short. Before it is too late I wish to speak to Rampolla."

A few minutes later Cardinal Rampolla entered the sick room and remained fifteen minutes alone with the Pontiff.

## INSTRUCTIONS

Given Rampolla in Whispers By the  
Passing Pontiff.

Rome, July 14.—11:30 a. m.—Before lapsing to delirium, the Pope fully realized the extreme gravity of his condition. He asked to see Cardinal Rampolla, who entered the sick room. His Holiness gave the Cardinal a brief whispered message. Pope Leo also asked to receive the benediction which was performed by Cardinal Vives Y. Tuto.

## Benediction Performed.

Rome, July 14.—11:10.—Fortunately Cardinal Vives Y. Tuto, who is a Capuchin, was at the Vatican, and he entered the sick room and fulfilled the wish of the Pope, who afterwards said he felt relieved and easy in his mind.

The moment was most solemn, the strong, bearded figure of Cardinal Vives Y. Tuto, making a striking contrast with the emaciated, white form of Leo XIII, who seemed as though a breath of air would waft him straight to heaven.

The Pope was heard to say when Cardinal Rampolla left him this morning: "I renew to you my confidence in this supreme moment." While Cardinal Vives Y. Tuto was in the sick room the Pope succeeded in reciting the confiteor, and then gave the apostolic benediction to the whole Franciscan order.

## Mind Again in Control.

Rome, July 14.—6:20 p. m.—The Pope showed such a revival this afternoon that four Cardinals, Caviechioni, the Titular Arch Bishop of Nazianza; Noella, Patriarch of Antioch; Tripepi, the prefect of congregation of indulgences, and Caragis, were permitted to enter the sick room.

## Strength Going Slowly.

Rome, July 14.—8 p. m.—The following bulletin has just been issued: "The Pope passed a fairly quiet day but had short periods of depression. Pulse 88, weak; respiration 32; temperature 36.05 centigrade. The strength of the august patient is diminishing slowly but continuously."

## MARYLAND TERMINALS

Of Gould System Visited First  
Time. Through Line in  
18 Months.

Cumberland, Md., July 14.—Geo. J. Gould with his party, paid his first visit to the terminals of the West Virginia Central Railroad here today and then went to Cherry Run to inspect the Western Maryland. Mr. Gould said he was impressed with the possibilities of the West Virginia Central line. He said the contract for the connecting link to Cherry Run would soon be let and he would have a thorough line to Baltimore in 18 months.

## QUARANTINE TO BE RAISED.

Mouth Disease Among Cattle Is  
About Stamped Out in  
Massachusetts.

Boston, July 14.—Dr. A. J. Peters, chief of the state cattle bureau, was advised today by Dr. E. W. Salmon, chief of the cattle inspection department of the United States department of agriculture, that the foot and mouth disease apparently has been effectually stamped out, so far as the cattle in Massachusetts was concerned. Dr. Salmon says that it will probably be possible to entirely raise the quarantine in Massachusetts within the next day or two.

## ENTIRELY UNFOUNDED.

Russian Minister Did Not Advise  
Civilians to Leave by a  
Certain Date.

St. Petersburg, July 14.—The report that M. Lassar, the Russian minister to China, had advised the Russian civilians to leave New Chwang, Port Arthur and Corea, by a certain date, is semi-officially declared to be entirely unfounded.

## HURRY UP ORDER CAME

To Captain Hemphill. Must Sail With  
All Speed to Frenchman's Bay.

Portsmouth, Eng., July 14.—Captain Hemphill, of the U. S. flagship Kearsarge, received instructions today to clean the warship propellers, fill her bunkers with the best coal, and go at the highest speed, with natural draft, to Frenchman's Bay, Me. This is the first occasion in time of peace that an American battleship has been subjected to such a severe test. It recalls a similar voyage of the battleship Oregon, during the war with Spain. Divers commenced work this morning, on cleaning the propellers, and 6,150 tons of coal will be delivered tomorrow. Captain Hemphill will follow the great circle route, leaving

## DELIGHT SWEETEN DRANK CARBOLIC ACID.

Mrs. Prentiss had been in poor health for a long time and had, it is said, frequently threatened to end her life. Deceased was an authoress of some note, being known to the literary world as "Delight Sweetser," her maiden name.

## PIRATES THREATEN TO KILL PRISONER

San Francisco, July 14.—Information has been received from the Orient that the United States gunboat Callao, is in hot pursuit of a band of pirates, which captured a Chinese member of the Callao's crew. The pirates threatened to kill their prisoner unless a ransom of \$9,000 was paid. The Callao had several skirmishes with the robbers and succeeding in locating six parties. The Chinese government has sent a gunboat to the vicinity of Canton with soldiers, and an attempt will be made to exterminate the outlaws.

## CRISIS PENDING.

Gen. Rolando, of Revolutionary Forces  
Still Occupies Ciudad Bolivar.

Priest, Who Said He Came in the Name of  
Foreign Consuls Hoisted American  
Flag, Which He Said Was  
Everywhere Respected.

Soledad, Venezuela, Sunday, mid-United States flag as he was not an American. The priest replied: "Because the flag of the United States is respected everywhere." The priest refused to reveal the object of his mission. At eleven o'clock last night the man of war Bolivar, with General Gomez aboard, arrived here. As she passed before Ciudad Bolivar she was fired upon but without effect. The Bolivar anchored two miles above the city and placed herself in contact with the besieging government troops. The remainder of the Venezuelan fleet, composed of the men of war Deamora, Restauradores, Miranda and Vente Tre De Mayo, are due tomorrow. When they have arrived 4,200 men will be ready to attack Ciudad Bolivar. The government authorities intend to give General Rolando a chance to consider his desperate situation in order to prevent the useless shedding of blood. If he will surrender he will be given full guarantees for himself and followers.

# MURDER COMMITTED

Four Years Ago Was Expiated on the  
Gallows This Morning.

Demon Made Full Confession of Particular Crime.  
It Is Believed He Did Away With  
Five Wives. Story That Reads  
Like a Romance.

London, July 14.—Samuel Herbert Dougal, the perpetrator of the Moat house murder, who was convicted at the Chelmsford Assizes, June 23, of the killing of Miss Camille Cecile Holland, at Saffron-Walden, Essex and sentenced to death, was hanged at the Chelmsford jail, at 8 o'clock this morning, after making a full confession of his crime.

The Moat house murder, as it was known, was committed over four years ago, and hope of solving the mystery had almost been given up when the body of the victim, Miss Holland, was found last April, buried in the Moat house grounds.

Miss Holland was the owner of Moat house. About four years ago, Dougal, who was supposed to be her husband, but who, it was discovered subsequently, had never been married to her, made his appearance there, and Miss Dougal, supposed to be his sister,

took up her residence on the place. Miss Holland then disappeared suddenly and E. Dougal sued the woman, supposed to be his sister, but who really was his wife, for a divorce. This aroused suspicion, and led to an investigation. Dougal was arrested for cashing a check purporting to have been signed by Miss Holland, and while he was in custody, the body of Miss Holland, for which a thorough, but unsuccessful search had been made, was accidentally found by a laborer in an old ditch which had been planted over with shrubs nearby four years previously. The laborer struck his fork into a hard substance, which proved to be a woman's shoe, containing a woman's foot. Then Miss Holland's body was found lying face downward. An examination showed that the head had been pierced by a bullet, which was found in the skull. Dougal was suspected of having made away with at least five wives.

## IMPORTANT CONFERENCE

Between President and Jewish Citizens.  
Text of Petition Modified.

Oyster Bay, L. I., July 14.—An important conference was held at Sagamore Hill, today, between the president and representative of Jewish citizens, of the society of the B'Nai B'Rith regarding the petition to the Russian government on the Kisheneff outrages. Besides the president, the parties to the conference were Simon S. Wolf, of Washington, Oscar S. Straus, and Leo N. Levi, of New York.

The administration has been embarrassed by the delay of the representatives of the B'Nai B'Rith society in presenting the petition. A draft of the document was handed to President Roosevelt, several weeks ago by Mr. Wolf, but it was decided after some consideration to modify the text of the petition before presenting it formally to this government for transmittal to Russia. Time was desired, too, to obtain to the petition the signatures of representative citizens of the United States of all the religious faiths. As a result, the document was not placed in the hands of the president until today.

The result of the conference at Sagamore Hill has not been disclosed yet, but a strong intimation is given that the petition may not be forwarded to the Russian government. The desire of both the president and Secretary Hay is that the Kisheneff incident should be closed as soon as possible as further delay in its consideration might prove embarrassing to this gov-

ernment in other diplomatic negotiations with Russia. In as much as the Russian government has indicated by the adoption of severe measures a genuine disposition to punish adequately the perpetrators of the Kisheneff murders, and in addition those who instigated them, it is a problem for the president and Secretary Hay to solve whether representations concerning the incident now are either desirable or necessary.

It is suggested that the whole matter may be resolved into a brief statement through diplomatic channels to the Russian foreign office that such a petition is in the hands of the United States, thus leaving it to Russia to say whether it would or would not receive the document if it were presented. It would close the incident without subjecting United States relations with Russia to a strain, and it regarded, would be quite as effective as the actual presentation of the petition.

Members of the Jewish committee together with Dr. Albert Shaw, editor of the Review of Reviews, and his friends from England, Maurice Sheldons Amos, were the guests of the president at luncheon.

Secretary Root left today for Washington. He said that he could not sail for England before the 23d of August, because it was desirable that he should see the general staff in full operations before he left the country.

## GARDENER CONFESSED

That Caused Kisheneff Massacre.

Kisheneff, Russia, July 14.—The murdered of the boy Donbassary whose death was charged to the Jews, and which was the immediate cause of the massacre, has been discovered. He is a gardener, and has confessed that he and the boy's uncle committed the crime.

# SENSATION WAS CREATED

## By Arrest of Seventeen Year Old Girl on Charge of Murdering Her Sister.

Bloomington, Ill., July 14.—A sensation was created here by the arrest of Maude Jordine, aged 17, for the murder on Thursday last of her two-year old sister, Mabel.

The baby was found hidden in some bushes near the Jordine home, most horribly mutilated.

Maude is now charged with the crime, and other warrants are in preparation which will prove equally sensational. It is alleged Maude had a special interest in the removal of the baby.

# TOUCH DOWN NUMBER ONE.

## Order Issued Restraining P. B. & W. R. R. From Removing W. U. Poles.

Baltimore, July 14.—In the United States district court here Judge Morris signed an order restraining the Philadelphia, Baltimore and Washington R. R. Co. from interfering with those poles and wires of the western Union Telegraph Co. that are located on the property of the railroad company.

This prevents the railroad company, unless it acts in defiance of the courts, from duplicating in Maryland its action in Pennsylvania where it removed the poles and wires belonging to the Western Union Telegraph company.

# PRIZE RING WAS RAIDED

## By Police Who Found Two Hundred Spectators Awaiting Fistic Mill.

New York, July 14.—Police officers have raided a room in East 95th street, where two arrested men charged with abetting a prize fight. When the officers burst in the door, 200 spectators made a dash to get out. They attempted to climb out of windows, and swamped down the rear stairs, but found the police awaiting them everywhere. The fight had not started and only those taking a leading part in the proposed combat were held.

### FINAL HEARING OF FOX BROS. APPEAL.

New York, July 14.—Final hearing of the appeal of a Cincinnati firm of diamond importers from the decision of General Appraiser Sharretts to the full board of reappraisement has been held in this city. The case is that of reappraisement on a "wide" commitment of diamonds which the government claims was greatly under value in appraisement.

The argument of the attorney for the government dwelt at length upon the figures given by witnesses at New York and Chicago. These, he contended, warranted General Appraiser Sharretts' advances, aggregating \$30,000 in the importation, which amounts to about \$175,000. He further claimed they might even guarantee an additional increase. After a session of over two hours the hearing was closed. A decision is expected in a day or two.

Every member of the board of education was present at the meeting last night, and while there was not a great deal of important business promised, the election of a high school teacher to succeed Miss Blattenberg, was an incident which attracted attention and brought out the board in full force.

Miss Conrath, was an applicant until yesterday afternoon, when her supporters received word from her that she had withdrawn, and would retain the school to which she had been elected at Wapakoneta. With the retirement of Miss Conrath, two applicants were left, Miss Margaret Rump, of Lima, and Miss Matilda McCoy, of Lancaster. It developed after the meeting was called to order that there was another aspirant, Miss Shultz, of Delaware, having applied for the vacancy.

President Prophet announced that the three teachers would be voted on at the same time the members announcing their preference as their names were called. The result was the election of Miss McCoy, on the first ballot nine members out of the fourteen being recorded in her favor. Miss Rump received four and Miss Shultz, one. Miss Helen V. Caldwell, in a letter to the clerk, acknowledged her election as principal of the west building, at a salary of \$75 per month, but declined to accept it at that figure. She expressed herself as grateful for favors shown, but wished to retain her position as teacher of the A grammar grade.

A number of bids were received from coal companies under the contract for water fuel, and all were referred to the committee on supplies, with instructions to report at the next meeting.

The board of treasurer McClain, was read and approved.

T. K. Jacobs made an offer of several lots in the east end for the building of a new school, at a low figure, and President Prophet advised the building committee to be a little more energetic in locating sites wherever a new building was found necessary. The school buildings are all crowded, and relief will have to be obtained in some way.

Miss Disman read some correspondence she had had with Seasongood and Mayer, in regard to the high school bonds. The firm was not willing to take the bonds until assured that all litigation had ended, and on motion of Mr. Klatte, the clerk was instructed to return the Cincinnati firm's check. It is understood that the Lima Trust Co. will take the bonds at the premium offered.

The building committee was instructed to have the architects prepare their plans and specifications without further delay. President Prophet remarking that there was no injunction against them.

## Teacher Has Been Chosen.

### First Ballot

#### Elected Miss McCoy of Lancaster.

#### Miss Conrath Withdrew and Will Retain Her School at Wapak.

#### Seasongood & Mayer, of Cincinnati, Decline the High School Bonds, and Their Check Will Be Returned.

Every member of the board of education was present at the meeting last night, and while there was not a great deal of important business promised, the election of a high school teacher to succeed Miss Blattenberg, was an incident which attracted attention and brought out the board in full force.

Miss Conrath, was an applicant until yesterday afternoon, when her supporters received word from her that she had withdrawn, and would retain the school to which she had been elected at Wapakoneta. With the retirement of Miss Conrath, two applicants were left, Miss Margaret Rump, of Lima, and Miss Matilda McCoy, of Lancaster. It developed after the meeting was called to order that there was another aspirant, Miss Shultz, of Delaware, having applied for the vacancy.

President Prophet announced that the three teachers would be voted on at the same time the members announcing their preference as their names were called. The result was the election of Miss McCoy, on the first ballot nine members out of the fourteen being recorded in her favor. Miss Rump received four and Miss Shultz, one. The members voted as follows: Miss McCoy—Rates, Blattenberg, Fenwick, Fredericks, Terwilliger, Klatte, McClain, Metheny and Spyker. Miss Rump—Donahue, Prophet, Miss Disman and Mrs. Vicary. Miss Shultz—Mooney. On motion, the salary of the newly elected teacher, was fixed at \$60 per month.

Two new janitors were elected, Mr. Ramsey, of the south Pine street building, asked to be relieved, and Adolph Lehman was chosen to succeed him. Herman Bassler was elected janitor of the west building.

Miss Helen V. Caldwell, in a letter to the clerk, acknowledged her election as principal of the west building, at a salary of \$75 per month, but declined to accept it at that figure. She expressed herself as grateful for favors shown, but wished to retain her position as teacher of the A grammar grade.

A number of bids were received from coal companies under the contract for water fuel, and all were referred to the committee on supplies, with instructions to report at the next meeting.

## BRIEF

### Synopsis of Paper Read by Enos Stuckey

### At Jubilee Service Last Sunday.

### Young Lady Has Narrow Escape on South Main Street.

### Maxwell Brothers' Americans Were Worsted by Sandusky Team. Ladies of South Lima Baptist Church Meet.

For the benefit of those who could not be present at the jubilee services at Grace M. E. church, last Sunday, a synopsis is given below of the historical sketch of the church, there presented by Enos Stuckey, the first convert.

Grace M. E. church had its origin in a prayer meeting held on Dec. 24, 1876. Father Ballard opened his doors for a cottage prayer meeting at his home on Circular street. One besides himself was present, Timothy Sawyer. They had their prayer meeting, however, and determined to have another, one week from that evening, on New Year's eve. This time, the house was filled, and they had a good meeting. As one of those present remarked at the time, that was the foundation for a Methodist church, on the south side, (then known as the Bureka addition.)

These cottage prayer meetings were continued until 1877. At that time, Rev. Berry, the pastor of Trinity church, said to the presiding elder that he would have a room to hold meetings on the south side. A movement was then put on foot to have trustees appointed, and found a church across the river, and it was proposed

to bring the matter before the quarterly conference, to be held at Allentown, a little later. At the same time, it became evident that considerable resistance would be encountered from north of the river. This was in 1879.

At the quarterly conference held at Allentown, March 6th, 1880, when W. G. Littell was pastor of the Lima circuit, trustees were appointed for the new church. They were Joseph Ballard, Robert Snodgrass, Simon Hahn, W. P. Wetherill, Jerome Shockey, Geo. Busick and Wesley Biteman.

On the following Sunday, protracted meetings were begun at Littell's on south Main street. These meetings resulted in 5 additions, Enos Stuckey and wife, Ad. Snyder and wife, and Wesley Johns. Two weeks later, the Sunday school was organized, it was very small, the children of Enos Stuckey and of Leroy Wheeler, being about the only ones to attend.

In the fall of 1880, the presiding elder, Littell was changed and Rev. Frank Maltbie came as a supply. By Rev. Littell's removal from south Lima, the little church was deprived of its room for worship. There was no room to be had south of the river. Then it was that Enos Stuckey threw open his house, giving them a room 13x17 in which to worship. Here services were held for thirteen months. After serving one year, Rev. Frank Maltbie left and was succeeded by Joseph Webber.

At this time Enos Stuckey, Benjamin Albright and Samuel Zurmehley were appointed a committee to purchase a lot for a church site. Two hours later they had the deed for the lot on west Nobby street, where the church now stands.

Then Enos Stuckey, Samuel Zurmehley and Wm. Wetherill were appointed as a building committee. This committee solicited funds and constructed with H. C. Napier for the construction of a house of worship, 22 by 30 feet, for the sum of \$480. This house was built on the east end of the lot, and was dedicated between the first and the fifteenth of November, 1881, by Harvey Wilson. The smallest sum asked for in the canvass for funds, was \$5.00, the entire sum being raised before the amount became smaller.

In the fall of 1882, Rev. J. L. Albright came. The house was then found to be too small and in the spring of 1883, a committee was appointed to solicit funds for the construction of a larger house. This new house was dedicated by Rev. Ball of Bellefontaine, on the second of September,

1885. It was built on the west end of the lot and was 46x72, costing more than \$4,100.

Peter Biggs was the ninth pastor. He met with great success, and remained 3 years. He was followed by Stewart Baumgardner, who also had great success. The house was again found too small, and it was decided to build a wing on the west side 13 by 50, and one on the east side 16 by 50. The length of the building was also extended 22 feet south. This gave the present audience chamber 66 by 68 feet. This church was dedicated by Rev. Belt, on the twentieth of Sept., 1896, at a cost of over \$6,000. This brought the total expenditures on the church edifice up to more than \$15,000.

With regard to the financial standing of the church, all of the pastors have been paid in full except one. In benevolences the church has always been even and frequently ahead.

The Sunday school was organized on March 27th, 1880, Jerome Shockey being the first superintendent. It has always been very prosperous and has aided materially in lifting the debt.

Rev. W. J. Hagerman, the present pastor also deserves great credit for his earnest endeavors. Though he has been here less than two years, he has been instrumental in raising over \$2,000 on the church debt.

There are living but three charter members of the church—Mrs. William Wetherill, Robert Snodgrass and Mrs. Wesley Biteman.

The pastors that have served this church are in their order: W. G. Littell one year, Frank Maltbie one year, Joseph Webber one year, J. L. Albright one year, A. Harmon two years, J. H. Crooks three years, R. W. Schultze one year, D. R. Cook two years, Peter Biggs three years, Stewart Baumgardner three years, L. S. Albright one year, W. H. Leatherman three years, W. J. Hagerman now on his second year.

The first salaried pastor was Fred Maltbie, who received \$100. The present pastor receives \$1,000 with the parsonage thrown in.

#### Smash Up.

Yesterday about noon there occurred a rather exciting accident on south Main street near Circular. A girl named Fisher was driving south on the west side of the street and a car was coming up behind her. The motorman rang his bell repeatedly and gave the young lady ample time to get off the track. She did not do so, however, and a collision was the inevitable result. The car struck the inside wheel and bent the axle badly. The girl was quite unmoved and remained sitting in the buggy. The horse also was quite patient. The shock threw the buggy over against a carriage standing in front of Dr. Huntley's residence and overturned it, throwing out a little girl. When the young lady was asked why she did not get off the track when she heard the bell, she replied that she thought the car was coming down the left side of the street. The bent axle was partially straightened with the aid of a few men, and the girl drove on with the rear wheels looking like they had been in a Kansas cyclone.

#### A Case of Misjudgment.

The Americans that played at Sandusky last Sunday lined up as follows: Johnson, C.; Barthol, p.; Lynn, l.; Rauschart, c. f.; Wise, s. f.; Jack Johnson Barthol down with him from

Cleveland and he pitched the Sandusky players. Wise pitched the first three innings. Then Barthol pitched until the eighth and was doing nicely, when Rauschart was substituted. It was an off day for Ed, for the Sandusky boys seemed to have been waiting for just such a fellow. In the eighth they landed on him for a total of 13 runs and won the game. Up to that inning the score had been 4 to 4. Both teams played professional ball and errors were few, and far between. The Americans play this same aggregation one week from next Sunday, and it is expected that the score will be something different. Next Sunday they play at Botkins.

#### Tomorrow Afternoon.

The Ladies' Mission circle of the south Lima Baptist church will meet tomorrow afternoon at 2:30 with Mrs. John Bradrick, 504 McPherson avenue. This meeting will take the place of the one that had been announced for Wednesday evening at the church. The subject to be considered is "South America."

#### Personal Mention.

Mrs. Clay Neely, of Ottawa, is the guest of her son, John Neely, of St. Johns avenue.

John Hoffman has removed with his family from east Vine street to a farm near Hebron, Hardin county.

Ralph Snyder, who has been the guest of Miss Allie Haley, of Portland, Ind., since before the Fourth, has returned to his home on south Pine street.

Mr. and Mrs. Callie Miller, of south Central avenue, spent Sunday with Mr. and Mrs. Claude Styre, of south Warsaw.

"Abe" Stein, has left his position at Fishers' barber shop.

#### No False Claims.

The proprietors of Foley's Honey and Tar do not advertise this as a "sure cure for consumption." They do not claim it will cure this dread complaint in advanced cases, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worst cases. Foley's Honey and Tar is without doubt the greatest throat and lung remedy. Refuse substitutes. Sold by H. F. Vorkamp, cor. Main and North streets.

#### RECEIVED BY GOTTL.

Rome, July 14.—Venezianus Kruska, of Ripon, Wis., representing a body of Polish-Americans, and Rowland B. Mahany, general counsel of that body, have arrived here intending to be received by the Pope in order to lay before him the wishes of the Poles in the United States in certain ecclesiastical matters. Because of the Pontiff's illness they were received instead by Cardinal Gottl, prefect of the propaganda, who promised to study the matter carefully. They were also received by Cardinal Rampolla.

#### Nervous Dyspepsia Its Cause and Cure.

Overwork any organ and it gives out—the stomach is no exception. Ask it to digest anything, everything, at any time in half the time required, and like an over driven horse, it balks. Nature intended the stomach should have regular hours. A time to work, a time to rest—and when you break up this habit, you upset the whole arrangement. The stomach nerves become exhausted, the glands refuse to act, the food does not digest—lies heavy, ferments and repeats. There is pain, gas forms, bloating occurs, the heart becomes irregular and a nervous, irritable feeling sets in. This is nervous dyspepsia and Dr. A. W. Chase's Nerve Pills its cure.

Mrs. A. Houghson, of 730 north Union street, Lima, Ohio, says: "I needed a good tonic, something that would build me up, and invigorate me, tone up the digestion and enable me to digest food as I should, as well as steady the nerves. I went and got Dr. A. W. Chase's Nerve Pills, at Melville's drug store, and found in them, what I needed. They have given me health, strength, vigor, steady nerves, and a good digestion, all I can ask, and I am well pleased."

Fifty cents a box at dealers or Dr. A. W. Chase Medicine Co., 222 E. 11th St., N. Y. Set that portrait and signature of A. W. Chase, M. D., are on every package.

#### EMERSON SCHOOL OPENED.

Concord, Mass., July 14.—"The school of Emerson" instituted in honor of Ralph Waldo Emerson, was opened here yesterday and for three weeks will continue with exercises alternately at Concord and at Boston.

Edwin D. Mead, president of the Free Religious Association, after outlining the plan of the school, which is to include addresses on the work of Emerson, Mr. Mead gave a brief address on the many sidedness of Emerson, saying that Emerson's doctrine affected all creeds and churches.

A household necessity, Dr. Thomas' Electric Oil. Heals burns, cuts, wounds of any sort; cures sore throat, croup, catarrh, asthma; never fails.

Davenport has re-christened the G.

O. P. His brilliant imagination, back-

ed by facts, has caused him to dub it

the "Grafting Old Party."

The republican press of Ohio, and

particularly that portion of it haunt-

ing Toledo, has the nightmare every-

time a few democrats in northwestern

Ohio meet on the street. This un-

natural condition will continue until

November, and by that time the To-

ledo Blade editor will be seeing visions

continuously.

Toledo has a number of evils, but

the greatest of all is her whoremongers.

Two unsuspecting fools, one an old

New York traveling man, and the

other a citizen of Parkersburg, W. Va.,

have jointly contributed \$1200 to the

gentle touch of the female grafter,

within the last three days. No arrests

were made, and the work of robbing

people, goes on uninterrupted by the

board of public safety, recently ap-

pointed by Gov. Nash.

#### FOUND ASLEEP.

That this is an age of advertising,

there is no doubt. It is employed by

all live business enterprises as one

of their most important factors. All

enterprises, in fact, that depend upon

public patronage and support for their

success, recognize and employ the

value of printer's ink. Even the

churches now look upon the advertis-

ing columns of the newspapers, in

addition to the formal announcements

in the religious columns, as promotive

of their prosperity. This is demon-

strated very clearly by the following

advertisement which appeared in the

advertising columns of a San Jose,

Cal., Monday morning paper from the

pastor of a Presbyterian church, at

that place.

"Found Asleep—So you slept in

church yesterday, did you? Well, it

was rather a drowsy day, but if you

had been at the Second Presbyterian

church, you would have seen the  
the choir sang two anthems. The  
congregation was nearly as large as  
the church bank. An old timer there  
looked around and remarked to a by-  
stander: "Well, I declare, I thought  
I knew every one who came to this  
church, but the last few weeks I  
don't know more than half of them."

#### TO SUMMER IN CANADA.

Montreal, July 14.—Daniel J. Kelly,  
wanted in St. Louis, and who has  
been in retirement for some weeks in  
this city, has gone to Toronto. Be-  
fore going, he said that he had not  
talked to C. and would not discuss his  
case.

#### IN THE RECORD TIME.

London, July 14.—The Great West-  
ern Railway Co., claims to have made  
a world's record for its train today.  
The train ran from London to Plym-  
outh, a distance of 246 miles, in 233  
minutes.

#### A DANGEROUS STRIKE.

Clinton, Mass., July 14.—A body of  
striking stone masons' who had been  
employed on the Wachusett end of the  
Metropolitan water system, armed  
with revolvers today, marched among  
the other workmen, and with threats,  
compelled 450 to stop work. One man  
who hesitated in obeying the strikers'  
orders, was thrown into the Nashua  
river, but was promptly rescued by his  
associates. The police force, number-  
ing a few men, was inadequate to  
check the strikers.

#### WILL INVITE TEDDY TO VISIT HEADQUARTERS.

Peoria, Ill., July 14.—Grand Master  
Hanahan, and Grand Secretary Treas-  
urer Arnold, of the Brotherhood of Lo-  
comotive Firemen, will on behalf of  
the order, invite President Roosevelt  
to visit the orders headquarters, in  
this city, on the occasion of his Chi-  
cago visit. In Nov. to open the fat  
stock show. The President was made  
a honorary member of the organiza-  
tion at their last biennial convention  
held in Chattanooga.

#### NOTICE.

I desire to announce to the public  
that we are working hard, to pay off  
the mortgage debt of our church. To  
do this, we have to collect \$160.00,  
and we hope to be able to obtain the  
amount within twenty days. We ask  
the public to aid us in this, our last  
struggle on the mortgage debt of St.  
Paul's A. M. E. church.

Fraternally,

C. D. WHITE, Pastor.

##### A NEW WOMAN.

She was "swagger" and bold,  
She was heartless and cold,  
An Amazon, body and mind;  
He, a white-livered youth,  
Fuzzy-lipped and uncouth,  
Of the goodly-kind, "mamma's boy"

kind.  
She was laying her plan  
To annihilate man  
And build a new world, but one day  
He said: "Will you wed?"  
And she pilloved her head  
On his breast in the old-fashioned  
way.

#### AT REST.

Yesterday afternoon at the Spring  
street Lutheran church, fitting ser-  
vices were held in respect to the mem-  
ory of one of its charter members.  
Suddenly was mother Catharine He-  
ffner, called to her eternal home, on the  
morning of July 11, aged 74 years, 2  
months and 1 day. She was born on  
the 10th day of May, 1829, in Miami  
county, Ohio, was married to Joseph  
Heffner, March 4 1849, to which union  
were born 5 children, three daughters  
and two sons. The husband and one  
son had preceded her to the land  
above. She was a noble Christian  
woman and lived her religion; a kind  
neighbor, loving wife, possessing those  
motherly traits that make her memory  
sweet, she will be missed, but not for-  
gotten. In the beautiful cemetery at  
Allentown, lie her remains, to await  
the trumpet sound, to arise and meet  
her Redeemer. May God's richest  
blessing fall upon all those who mourn  
their loss.

# GRAND FETE WAS JUBILEE Of French People in Honor of Their National Day...Dumont There.

Paris, July 14.—The French national holiday was enthusiastically celebrated today in brilliant weather. The main feature was the review of the garrison of Paris. The troops assembled at Long Champ at an early hour, before the heat became oppressive. Many spectators witnessed the arrival of the soldiers, cheering the favorite corps as they reached the grounds. General Andre, the minister of war, accompanied by a brilliant staff and the foreign military attaches, soon followed. At nine o'clock an artillery salute announced the arrival of President Loubet, who was accompanied by Premier Combes, and other cabinet ministers and the President's of the senate and chamber of deputies, whom General Andre and the military Governor of Paris and their staffs escorted to the reviewing stand.

### WHEN HE GOT EVEN.

At a recent dinner given by the Philadelphia Clover club Dr. Bedloe, formerly United States consul at Canton, China, was one of the guests. The doctor had related many interesting tales of the east, the only obstacle to the complete enjoyment of which were the silly interruptions coming from a rather obtuse German, whom the doctor in relating the story calls Strauss.

"Ach, Pedloe," ejaculated the Teuton "Dose relichuns of der east—dell us somedings of dose!"

"Certainly," responded the obliging Bedloe. "But to what particular creed do you refer—to Mohammedanism, to Shintoism to Confucianism or to Buddhism?"

"Oh," replied the German citizen, "dell us about der tramp's migrashun of der soul."

"Transmigration of the soul, eh?" said Bedloe. "A beautiful idea, indeed!"

"Yes, yes, beautiful, beautiful!" cried the German. "Dell us about id!"

"Very well. We will, to turnish a concrete case, suppose that you, Strauss, should die. According to the creed of transmigration your soul would pass from your body to that of another living thing. In this instance, let us assume that you become a canary bird—a charming feature of my lady's boudoir your merry carols fill the air with delicious melody. And then, Strauss—"

"A beautiful idea!" murmured the Teuton, interrupting.

"And then, Strauss," resumed the doctor, "you die again. This time your soul passes, we will say, to another sphere of life. You become a flower—a lovely, fragrant flower, enriching the beauty of my lady's garden."

"Ach, lovely, lovely!"

"However, this is not all. From the lady's boudoir to the lady's garden is but a step in the process. Now alas! a donkey coming up to the confines of this garden reaches over and devours

you—you, the flower—this being still another link in the chain of transmigration."

"So dot—" began the German.

"So that," interrupted the doctor, in turn, "so that your old friends, stopping to stroke the head of the donkey, would exclaim:

"Ah, Strauss, so it is you? How little you have changed!"—Philadelphia Ledger.

### Treat Your Kidneys for Rheumatism.

When you are suffering from rheumatism, the kidneys must be attended to at once so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. R. T. Hopkins, of Polar, Wis., says: "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine. It purifies the blood by straining out impurities and tones up the whole system. Cures kidney and bladder troubles. Sold by H. F. Vorkamp, cor. Main and North Sts."

### Real Reform.

"My husband doesn't gamble now, as he used to."

"Reformed, has he?"

"Yes, he doesn't go to the race track at all any more. His worst dissipation now is swimming. I think. At any rate he says he only goes to the poolrooms."—Philadelphia Record.

### The Blood is the Life

Thus said one of the greatest physicians of modern times. If the blood is pure, then there is sickness and decay in the whole system. The duty of the kidneys is to filter the blood, which circulates through them for that purpose, cleansing it from all impurities, worn-out matter and uric acid, collected in its journey from the heart through the system. To purify the blood we must first be sure that the kidneys are in order. We cannot get pure water from a foul filter, neither can we get pure rich blood from diseased kidneys. If the kidneys are out of order, they cannot filter the impurities and uric acid from the blood, resulting in Rheumatism, gout, pain in the back, urinary troubles and kindred diseases. IRVING'S BUCHU WAFERS cure Rheumatism to stay cured, by removing the cause. They put the kidneys in a healthy condition, enabling them to discharge the blood to the heart pure and healthful, with all uric acid, the presence of which in the blood is the cause of Rheumatism and all other blood diseases, eliminated. Mr. John Knowlton's experience, which he relates in a recent letter, is just the same as many others who have written in thankfulness for their cure. Mr. Knowlton's says:

"As a sufferer from chronic Rheumatism for nearly twenty years, I think I may safely say that I have tried almost all the remedies. Only women's remedies, physicians' prescriptions and patent medicines. Many of them relieved me for a time, but the first night of the next morning the Rheumatism would come back, and I would be as bad as before. I was not much interested at first, but when I began to read how the kidneys were responsible for Rheumatism, I began to pay attention and the common sense statements made such an impression that I immediately bought a box. Well, I took the whole box and had no Rheumatism for a month, but a slight cold brought it back, but not so bad as previously. This encouraged me, and I bought six boxes. I took them all faithfully, and it was a new era in my life. I had a twinge of the Rheumatism, so I at last felt that I am really cured. After the experience that I had with other so-called remedies for Rheumatism, you will understand how glad I am to be able to testify to the merits of Irving's Buchu Wafers. They certainly did all that I claimed for them in my case."

IRVING'S BUCHU WAFERS are nature's own remedy for the cure of Bright's Disease, Congestion of the Kidneys, Bladder trouble, Dropsical Swellings, Gout, Gravel, Jaundice, Diabetes, Female Complaints and Irregularities, and are a positive cure for all Diseases and Blood Impurities which are directly or indirectly traceable to deranged action of the kidneys. They are pleasant to the taste, being sugar coated, and are prepared by the Irving Drug Co., Philadelphia. Price, fifty cents. There are many imitations of the IRVING'S BUCHU WAFERS on the market, but do not be satisfied with anything but the genuine.

### SHORT

### Work of Routine Business by City Council.

### Ordinance Prohibiting Spitting on Sidewalks, Etc., Is Passed. Resolution Regarding Condemnation Of Property for Water Works Reservoir Introduced. \$1852 Transferred From Park Fund to Sanitary Fund.

The city council met in regular session at 7:59 o'clock last evening with Dr. Bowser in the chair, and all members present except Fletcher and Hullinger.

The minutes of the last meeting were read, slightly corrected and then approved.

The sidewalk inspector recommended the construction of new walks in Madison, Franklin, Charles, east North, east Pearl, Miller, Hughes, Reece, Tanner, Third, Vine, Greenlawn and south Elizabeth.

The solicitor was instructed to prepare a resolution to construct said walks.

The ordinance regulating the sale and use of explosives was given its second reading.

Mr. Fletcher entered the council chamber.

The ordinance prohibiting spitting on sidewalks, etc., was given its third reading. Mr. Hullinger came in. Ordinance passed by full vote and resolution passed to post notices thereof about the city.

A new resolution declaring it necessary to condemn lands for new water works reservoir was read for the first time. This new ordinance was made necessary by a change in the course planned for the river. Motion carried to suspend rules and put the resolution on its passage. Resolution passed.

A deed regarding the Moore property on Linden street was referred to the city solicitor to be reported upon in one week.

Report of auditors E. I. Thomas and H. M. Lamberton concerning books of Mayor H. S. Prophet from 1898 to 1900 was read. Said mayor collected in fines, costs etc., \$5943.36; in licenses, \$21190; total, \$61537.36. Mayor had turned in to the treasurer \$6896.35. The amount over paid, \$742, was probably the amount received for licenses etc., of which no record can be found. The bookkeeping of the mayor's office was found to be entirely lacking in system. Books of water works office and city clerk's office were found in good condition. Recommended that a better system of accounts be provided for in mayor's office. Their report was adopted and the city auditor was instructed to provide a systematic method for the mayor to keep his accounts.

The city auditor submitted the following report of expenditures for the months of May and June:

	Amt. App.	Amt. Exp.
General fund	\$ 5,240.67	\$ 4,556.24
Fire fund	2,210.00	2,115.55
Police fund	2,629.00	2,353.45
Market place	784.00	736.00
Light fund	3,364.59	3,350.25
Sidewalk fund	191.00	190.43
Sewer fund	1,100.00	1,034.40
Spec St Imp.	1,500.00	
Poor fund	215.00	124.47
Bridge fund	368.00	57.63
Street fund	5,261.00	4,388.11
Sanitary fund	400.00	389.81
Total	\$23,254.26	\$19,297.05
Balance unexpended		\$3,957.21

Report was accepted and placed on file.

With regard to the petition granted the Lima, Delphos & Ft. Wayne railway for an extension of franchise, it was found that a resolution was necessary, and accordingly such a resolution was offered and passed.

An ordinance was read authorizing the transfer of \$1852.49 from the park fund to the sanitary fund. It was deemed proper owing to inadequate condition of latter fund.

Rules suspended and ordinance passed.

An ordinance was read and passed under suspension of rules appropriating the following amounts for the next six months:

General fund	\$14,952.00
Fire fund	7,960.00
Police fund	7,960.00

Sanitary fund ..... 1,700.00  
Hospital fund ..... 1,244.23

A motion was carried to instruct city solicitor to prepare ordinance amending the ordinance passed some time ago requiring grading of streets, putting down of sidewalks and construction of sewers in new additions before they can be accepted by city. Ordinance to be so amended as not to require putting down of sidewalks and putting in of sewers.

Adjourned at 8:40.

### Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by Wm. M. Melville, old postoffice corner.

Sedalia, Mo., July 14.—J. J. Frey, formerly general manager of the Santa Fe railroad, died yesterday after a long illness from kidney trouble, aged 55. Mr. Frey entered the railway service as a messenger boy on the Ohio and Mississippi road, and held the position of trainmaster on the Missouri Pacific and Missouri, Kansas and Texas. Later he became superintendent of the last named road. In 1893, he was vice president and general manager of the East Line and Red River R.R. In the same year, he was made general manager of the Santa Fe which position he resigned in November, 1899.

### Saved From Terrible Death.

The family of Mrs. M. L. Bobbitt, of Bartonsburg, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. It's the most certain cure in the world for all throat and lung troubles. Guaranteed. Bottles 50c and \$1.00. Trial bottles free, at H. F. Vorkamp's drug store.

An Elegant Library Set Presented

Right Spirit.

As an indication of the esteem in  
which Harry K. Fredericks, until re-  
cently storekeeper for the Lake Erie  
and Western, was held by his super-  
iors and fellow employees, he was  
presented, yesterday afternoon, with  
an elegant library set, consisting of  
table, chair and book case. Accompany-  
ing the munificent gift was a letter  
from master mechanic White, the ex-  
pressions in which were even more  
gratifying than the token of friend-  
ship referred to. Mr. Fredericks had  
been with the company many years,  
and his retirement was regretted to a  
man. The respect in which he was  
held, is made plain in the following  
splendid testimonial:

My Dear Mr. Fredericks:—A time  
comes in the life of nearly all men  
when people feel perfectly free to  
tell them just what they think of  
them, and what they have always  
thought of them. One of the times  
is when a man runs for office (and  
this you have been through) another  
time is when a man retires from some  
kind of an official position, when he  
has been closely associated with others,  
and when his worth and worth-  
iness is, and has been, well known.  
New this time has been reached in  
your life, and this is written to try  
to tell you what we think of you and  
what we have thought of you for  
many years.

I hope that no unpleasant memories  
may be left on account of anything I  
have written, because if my pen can  
fully express the kind regard in which  
we hold you, as a friend and have  
considered you as an associate, this  
letter will remain a pleasant episode  
in your life. Your L. E. & W. friends  
have felt that which will not allow  
you to retire from the pleasant as-  
sociation of many years without leaving  
with you, some little token of their  
love and esteem, and with this in  
view, I have been delegated to pre-  
sent to you these tokens. May they be  
the means of bringing back all the  
pleasant memories of your railroad  
life, and may the pleasant memories  
be strong enough to bury beneath  
them the few unpleasant things which  
are bound to come now and then to  
the best of railroad men.

In bidding you farewell from rail-  
road life, we still hold you as a

**\$100 REWARD \$100.**  
The readers of this paper will be pleased  
to learn that there is at least one dreaded  
disease that science has been able to cure  
in all its stages, and that is Catarrh. Hall's  
Catarrh Cure is the only positive cure  
known to the medical fraternity. Catarrh  
being a constitutional disease, requires a  
constitutional treatment. Hall's Catarrh  
Cure is taken internally, acting directly  
upon the blood and mucous surfaces of the  
system, thereby destroying the foundation  
of the disease, and giving the patient  
strength by building up the constitution  
and restoring nature in doing its work.  
The proprietors have so much faith in its  
cure powers, that they offer one hun-  
dred dollars for any case that it fails to  
cure. Send for full list of testimonials.

**REPORTED DIFFERENCES**  
**DO NOT EXIST.**  
Paris, July 14.—The Patrie Rome  
correspondent has interviewed Car-  
dinal Gregia, who denies the reports  
of disagreements between himself and  
Cardinal Rampolla. He said as  
Camerlengo he had been forced to  
take certain measures but that he had  
always been in agreement with Car-  
dinal Rampolla except in political  
subjects. He indignantly protested  
against the insinuations of certain  
papers, saying that he had not the  
slightest doubt of the probity of all  
the Cardinals.

Mirth is an almost in-  
fallible sign of good  
health. A sick woman  
may force a smile or at  
times be moved to laugh-  
ter. When a woman is  
bubbling over with  
mirth and merriment she  
is surely a well woman.

Dr. Pierce's Favorite Prescription has  
made thousands of melancholy and mis-  
erable women cheerful and happy, by  
curing the painful womanly diseases  
which undermine a woman's health and  
strength. It establishes regularity and  
so does away with monthly misery. It  
dries debilitating drains and so cures  
the cause of much womanly weakness.

It heals inflammation and ulceration,  
and cures the bearing-down pains,  
which cause so much suffering to  
sick women.

Take the great pleasure in recommending Dr.  
Pierce's Favorite Prescription for female weak-  
ness," writes Mrs. Susanah Penner, of  
Tulsa, Okla., Shelby Co., Texas. "I was troubled  
with bearing-down pains in my back and hips  
for six years, and I wrote to Doctor Pierce for  
advice. I tried his Favorite Prescription and  
six bottles cured me. I feel like a new person  
and I thank Dr. Pierce for my health. Life is  
now a pleasure to me. I have not felt so well  
for a great many of my friends about the great  
medicine I took."

Accept no substitute for "Favorite  
Prescription." There is nothing "just  
as good."

# BIG OIL DEAL TO GO THROUGH

And Will Eclipse All Previous Records  
of Trenton Rock Fields.

Options on Oil Properties Are Being Renewed  
and Foreign Agents Will Come to America  
to Inspect Properties---Six Mil-  
lion Dollars Involved.

The newspapers throughout the northwestern Ohio oil fields, have had much to say of late concerning the prospects of the consummation of a gigantic oil deal in which Messrs C. E. and W. L. Russell, of this city, represent owners of the properties involved, and eminent capitalists of Europe are the prospective purchasers. But it falls, as usual, to the lot of the Times-Democrat to first present the real facts as to the status of the deal to the interested public.

Some of the Toledo, Cincinnati and Findlay papers have stated recently that the long-looked-for and much talked-of American-European deal was off and that the promoters (Russell Bros.) would be the losers of a fortune on account of having paid fabulous sums for options that have expired and cannot or will not be renewed, because of the deal having fallen through. In these statements, the newspapers referred to are truthful in but one feature, and, considering the deal in its present encouraging status, that one feature is insignificant. This single truth is that some of the options on oil properties, taken preparatory to the launching of the deal, have expired. This fact, however, does not effect the merits of the pending transaction or the probability of a final consummation of the mammoth deal.

Some of the options have expired, owing to the delay in the arrival of the three envoys from abroad, but in the event that any of them cannot be renewed the promoters of the deal are in position to substitute other oil properties, that will be equally available and desirable to the purchasers. The consummation of the deal will eclipse all previous records of the Ohio and Indiana oil fields and the fact that the Russell Bros. are the promoters, gives assurance of its fulfillment to the letter.

They were married in Chicago July 9, 1890, and have four children. Extreme cruelty, gross neglect of duty and habitual drunkenness are alleged. Custody of the children and alimony are asked for in addition to the prayer for a decree of divorce.

**Adams Released.**  
Probate Judge Miller released John Adams from custody, yesterday evening, the affidavit charging him with ill-treatment of his daughter, not being substantiated by the evidence. Mrs. Eliza Ward, who filed the affidavit, was severely lectured by the judge, he having become convinced that there was an ulterior motive back of her action.

The hearing in the case of patrolman Frank Angier, who was recently suspended from duty by chief Mills on the charge of conduct unbecoming an officer was commenced before Mayor Robb at 2 o'clock this afternoon. The testimony indicates that there is nothing to the case other than the outgrowth of petty grievances and dissatisfaction within the police department. The hearing had not closed at 3 o'clock. Attorney R. C. Eastman is looking after the interests of officer Angier.

**New Affidavits Are Filed and War-  
rants Are Out for the Arrest  
of Both Whipler and  
the Woman.**

John Whipler, an employee of the National Tile Roofing Co., who was arrested about ten days ago on a charge of failure to support his wife and children, has disappeared. The case was set for hearing in Justice Reilly's court at 9 o'clock this morning but the defendant failed to appear and his bond of \$100, signed by two friends, was declared forfeited.

As will be remembered, Whipler deserted his wife and children in this city and after several months absence returned, accompanied by a woman who since gave her name as Bessie Mayers. The pair secured board and lodging at a south side boarding house and were supposed to be man and wife until wife No. 1 learned of Whipler's whereabouts and caused his arrest.

Last Friday Whipler sent the Mayes woman out of the city. Her trunk was checked to Spencerville but it is supposed that she returned through this city and went to Marion, O., and that Whipler has since joined her in that city. Two new affidavits have been filed and warrants are now out for the arrest of both Whipler and the woman and an effort is being made to locate them.

**Boiler Avenue Case.**  
Justice Reilly's court was well filled with Boiler avenue natives yesterday afternoon, when the case against Mollie Whittington, charged with maliciously destroying a hat and tailor-made suit belonging to Melissa Irwin, was tried. There were a number of witnesses but their testimony didn't substantiate the charges made in the affidavit and at the close of the hearing Justice Reilly dismissed the case and discharged the defendant.

Pearl May Slaughter, an alleged inmate of the Harrison Royal theatre resort on east Wayne street, was locked up last night, and was charged with being a character of common repute. This morning, she was fined \$13.60 and was sentenced to 30 days imprisonment in the Columbus work house. She promised to leave the city at once, and the work house sentence was suspended.

The case against the proprietors of the Mint, charged with Sunday selling, was tried and the mayor finding the evidence sufficient to substantiate the charge, imposed a fine of \$20 and costs, the total amounting to \$24.60.

Pass and Pass Again,  
Like Shades at Night.

They come and go and brush against us,  
And we never see them until at last  
In some unexpected place or way, they  
Are suddenly brought face to face with us,  
And we cannot fail to realize that NOW is the  
TIME and NOW our hoped for opportunity.

To nothing does this idea apply more perfectly than to the great opportunities we are now giving for economical buying. At this time of the year we go over stock carefully and should it not be found so already we put prices on all goods that need it to bring the stock down to the required amount, considered best for the time and season. Every department must be trim and clean at the end of the season, hence the remarkably low prices that now prevail. These are the "Opportunities" that are passing, that some will not see, but that thousands gladly welcome and reap a rich reward in so doing. Low prices prevail in house-furnishing articles in our Economy Basement. For money saving opportunities read every offer carefully.
